ಶ್ರೀ ಹೆಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.— ಆ ಶಂಕೆ ನಕಾರಕ್ಕಿರುವುದರಿಂದಲೇ ವಿಶೇಷ ಸಿಬ್ಬಂದಿ ಕೆಲವು ದಿವಸ ಇರಬೇಕೆಂದು ಮಾಡಿದ್ದೇವೆ.

Sri K. KENCHAPPA.— Out of 82 unlicensed fire-arms traced by the Police Inspector who is promoted to the post of Superintendent of Police. No case is launched. I want to know if this Police Inspector who is promoted to be Superintendent of Police is Mr. Kallur ? When he was promoted how many persons were superseded ? Why out of 82 unlicensed fire-arms traced no case is filed ?

Sri H. M. CHANNABASAPPA.–It is very unfortunate that my Hon'ble Friend has not looked into the figures down below. Out in respect of fire-arms seized, namely 82 and 122, 205 cases were launched. They are all bracketed and Hon'ble Member could see it with eyes open.

Sri K. KENCHAPPA.— Why no figure is mentioned against 82 ?

Sri H. M. CHANNABASAPPA.— The Hon'ble Member will please note that this Officer only investigates and collects information and traces the illegal fire-arms but actual cases are filed by the regular Police Officers and the two figures put together, namely 82 *plus* 122, against that, 205 cases are shown as being launched.

Sri K. KENCHAPPA.—I am expected to put a definite question and the Minister is expected to give a definite answer.

Sri H. M. CHANNABASAPPA.— It is not correct to say that 82 cases have not been put. The total number of cases that have been launched are indicated therein which even these 82 are included

Sri K. KENCHAPPA.— The Hon'ble Minister was saying that he was an investigating officer and not a regular officer. Some Regular Police have traced 154 unlicensed fire-arms and 145 cases have been launched; some Police Inspector and Deputy Superintendent of Police have traced 43 unlicensed fire-arms and 43 cases have been launched. That does not mean he has launched other cases also.

Sri H. M. CHANNABASAPPA.— I am very clear. It is not he who puts the case and conducts it ; it is the regular police. The figures show the total number of items wherein illegal fire-arms are detected and the total number of cases that have been put in. Regular prosecutions will be conducted by the regular Police.

REGULATION OF WATER SUPPLY IN CERTAIN SLUICES OF RIGHT AND LEFT BANK CHANNELS OF BHADRA RESERVOIR.

*Q.— 106. Sri D. T. SEETHARAMA RAO (Bhadravathi).—

Will the Government be pleased to state.—

(*a*) the reasons for reducing supply of water in certain sluices of the right and left bank channels of Bhadra Reservoir ;

(*b*) whether the people of the extensive landed area have represented that the supply of water is insufficient ;

(*c*) the schemes that are under the consideration of Government for remedying the deficiency of supply of water to areas where only paddy and sugar-cane are grown ;

(*d*) whether they intend to regulate water supply according to the needs of the kind of crops ?

A.—Sri M. N. NAGHNOOR (Deputy Minister for Public Works).—

(*a*) It is not known to what sluices the question refers. It may be said in general that there was no reduction in any particular sluice. Water supply in the two channels was stopped completely during the closure period of 15 days in the months of November and December. In addition, the supply in the Right Bank Channel was cut off for a few more days in December 1960 since the Reservoir was partially depleted to attend to the stilling basin works.

(*b*) There have been some representations.

(*c*) There are no schemes under contemplation since there is no need for such schemes. There would be no deficiency in water supply if the approved crop-pattern is adopted by the Ayacutdars. The alleged inadequate supply is due to the ryots not adhering strictly to the approved crop-pattern.

(*d*) Yes and according to the approved crop-pattern.

1-30 P.M.

ಶ್ರೀ ಡಿ. ಟಿ. ಸೀತಾರಾಮರಾವ್.—(ಡಿ.) ಪ್ರಶ್ನೆಯಲ್ಲಿ ಬೇರೆ ಬೇರೆ ಬೆಳೆಗಳ ಅವಶ್ಯಕತೆಗೆ ಅನುಗುಣವಾಗಿ ನೀರು ಸರಬರಾಯಿಯನ್ನು ಕ್ರಮಗೊಳಿಸಲು ಸರ್ಕಾರದವರು ಉದ್ದೇಶಿಸಿದ್ದಾರೆಯೆ ಎಂದು ಕೇಳಿರುವುದಕ್ಕೆ "ಹೌದು; ಅನುಮೋದಿತ ಬೆಳೆಯ ಮಾದರಿಗನು ಸಾರವಾಗಿ ನೀರು ಸರಬರಾಯಿಯನ್ನು ಕ್ರಮಗೊಳಿಸುವ ಉದ್ದೇಶವಿದೆ" ಎಂದು ಹೇಳಲಾಗಿದೆ; ಈಗ ತೂಬುಗಳನ್ನು ಸಣ್ಣದಾಗಿಟ್ಟಿದ್ದಾರೆ. ಅಲ್ಲ ಜಮೀನು ಜಾಸ್ತಿಯಿದ್ದು ಬತ್ತ, ಕಬ್ಬು ಅಲ್ಲದೆ ಯಾವ ಯಾವ ಬೆಳೆಗಳನ್ನು ಬೆಳೆಯಬೇಕೆಂದು ನಿಗದಿ ಮಾಡಿದ್ದೀರಿ ?

† Sri M. N. NAGHNOOR.—Sir, the Hon'ble Member suggests that sluices are not to the normal size ; the Government and the Public Works Department have a scheme for reservoir, and releasing a particular quantity of water for particular area and to that end these sluices have been kept.

ಶ್ರೀ ಡಿ. ಟಿ. ಸೀತಾರಾಮರಾವ್.—Crop pattern ಪ್ರಕಾರ ತೂಬುಗಳನ್ನು ಕಟ್ಟಿದೆ. ಈಗ ಸಾಕಷ್ಟು ನೀರು ಸರಬರಾಯಿಯಾಗುತ್ತಿಲ್ಲ. ಬತ್ತ ಮತ್ತು ಕಬ್ಬು ಬೆಳೆಯುತ್ತಿರುವುದರಿಂದ. ಆದಕಾರಣ ಈಗ ಬೇಕಾದ ನೀರಿನ ಪ್ರಮಾಣವನ್ನು ನೋಡಿ ತೂಬುಗಳನ್ನು ದೊಡ್ಡದು ಮಾಡಿಸುತ್ತೀರಾ?

ಶ್ರೀ ಎಂ. ಎನ್. ನಾಗನೂರ್.—Crop pattern ಗನುಗುಣವಾಗಿ ಎಷ್ಟು ಬೇಕೋ ಅಷ್ಟು ನೀರನ್ನೊದಗಿಸುತ್ತಿದ್ದೇವೆ. ಯಾವ ಬೆಳೆಯನ್ನು ಬೆಳೆಯಬೇಕೆಂದು ವಿಧಾಯಕವಾಗಿ ದೆಯೋ ಅದನ್ನು ಉಲ್ಲಂಘಿಸಿ ಬತ್ತ ಮತ್ತು ಕಬ್ಬು ಬೆಳೆದರೆ ತೊಂದರೆಯಾಗುತ್ತದೆ. ಅವರ ತಪ್ಪಿನಿಂದ ಈರೀತಿಯಾಗುತ್ತದೆ.

ಶ್ರೀ ಡಿ. ಟಿ. ಸೀತಾರಾಮರಾವ್.—ಅವರು ಅಡಕೆ, ತೆಂಗು ಬೆಳೆಯುವುದಕ್ಕೆ ಸಾಧ್ಯವಿಲ್ಲ. ಅವರಿಗೆ ಇದರ ಅನುಭವವಿಲ್ಲ. ಈ ದೃಷ್ಟಿಯಿಂದ ಅವರು ಬತ್ತ, ಕಬ್ಬು ಬೆಳೆಯಲು ಅನುಕೂಲ ಮಾಡುತ್ತೀರಾ?

† ಶ್ರೀ ಎಚ್. ಕೆ. ವೀರಣ್ಣಗೌಡ.—ಮಾನ್ಯ ಸದಸ್ಯರು ಸರ್ಕಾರದ ನೀತಿಯ ವಿಷಯದಲ್ಲಿ ಪ್ರಶ್ನೆ ಕೇಳುತ್ತಿದ್ದಾರೆ. ಇದು ನೀತಿಯ ಬದಲಾವಣೆಯ ವಿಷಯವಾದ ಕಾರಣ, ಪರಿಶೀಲಿಸಿ ಮಾಡಬೇಕಾಗುತ್ತದೆ. ಸರ್ಕಾರ ನಿಗದಿ ಮಾಡಿರುವ crop pattern ಬದಲಾಯಿಸಬೇಕಾಗುತ್ತದೆ. ಇದನ್ನು ಪರಿಶೀಲನೆ ಮಾಡಬೇಕಾಗುತ್ತದೆ.

ಶ್ರೀ ಡಿ. ಟಿ. ಸೀತಾರಾಮರಾವ್.—ಈ ವಿಷಯವನ್ನು ವಿಮರ್ಶೆ ಮಾಡಿ ರೈತರ ಕಷ್ಟ ನಿವಾರಣೆ ಮಾಡುತ್ತೀರಾ?

ಅಧ್ಯಕ್ಷರು.—ಅದಕ್ಕಾಗಲೇ ಮಾನ್ಯಮಂತ್ರಿಗಳು ಉತ್ತರ ಹೇಳಿದ್ದಾರೆ. Next question.

Sri M. RAMAPPA.—I wanted to put supplementaries on the previous question.

Mr. SPEAKER.—The Member did not get up when I called.

Sri M. RAMAPPA.—It is not my fault, Sir. When Sri Seetharama Rao was putting questions, I thought it would be irregular for me to get up and put.

SUPPLY OF WATER OF RIGHT BANK CHANNEL OF BHADRA RESERVOIR TO ANAVERY BRANCH CHANNEL.

*Q.—107. Sri D. T. SEETHARAMA RAO (Bhadravathi).—

Will the Government be pleased to state.—

(*a*) the main reasons for supplying water only upto the 24th mile of the right bank channel of Bhadra Reservoir and not up to Anavery Branch Channel;

(*b*) the reasons for the delay and the time required for supplying water upto Anavery Branch Channel ?

A.—Sri M. N. NAGHNOOR (Deputy Minister for Public Works).—

(*a*) The channel was ready upto the 24th mile. Works beyond the 24th mile upto Anavery distibutary were incomplete and hence the supply of water was made upto the 24th mile only.

(*b*) The delay is due to some deep cuts beyond the 24th mile which could not be completed as per scheduled programme since the several piece-workers who were on the job delayed, on account of the difficult nature of excavation in rock. It is programmed to give water upto Anavery Branch Channel by June 1961.

ಶ್ರೀ ಡಿ. ಟಿ. ಸೀತಾರಾಮರಾವ್.—ಭದ್ರಾ ಜಲಾಶಯದ ಬಲದಡದ ನಾಲೆಯು 24ನೆಯ ಮೈಲಿಯವರೆಗೆ ನೀರು ಬಿಡುವುದಕ್ಕೆ ವ್ಯವಸ್ಥೆ ಮಾಡಿದ್ದೀರಿ, ಕೆಲಸ ಪೂರ್ತಿಯಾಗಿದೆ. ಆದರೆ, ಅನೆವೇರಿಯಿಂದ ಕೋಟ್ಯಾಂತರ ರೂಪಾಯಿ ಕೆಲಸವಾಗಿದ್ದರೂ ಈ ಮಧ್ಯೆ 24ನೆಯ ಮೈಲಿಯಿಂದ ಅನೆವೇರಿ ನಾಲೆಯವರೆಗೆ ಕೆಲಸಗಳಾಗದೇ ಇರಲು ಕಾರಣವೇನು?
